Created with One Goal in Mind

Camp SAY helps young people who stutter discover their own unique and beautiful voices. Our sleep-away camp welcomes children and teens who stutter, ages 8-18, and their young family members and friends. Camp SAY is an ACA-Accredited camp, hosted at Pocono Springs Camp, a new 60-acre, $8 million, state-of-the-art camp facility located in the beautiful Pocono Mountains—just 75 miles from New York City and 100 miles from Philadelphia. Campers from across the country, and beyond, attend Camp SAY, year after year.

“With the guidance, support, and love that was so very evident, we watched our son show a side of himself that we did not know he was capable of expressing. Camp SAY will benefit his self-esteem and growth for years to come.”

Empowers Children

Campers enjoy collaborative experiences with other young people who stutter. This deep connection creates bonds and breaks down barriers, helping each child become more open, expressive, and confident. Campers are paired with mentors from different age groups for a truly rewarding experience. Children safely share their challenges and fears, which empowers them to overcome obstacles in their everyday lives.

Where Everything Seems Possible

Camp SAY provides truly unique experiences that safely challenge young people who stutter to create a strong sense of achievement. Campers join a special team (or two) and, led by talented staff, collaborate in a confidence-building journey toward a group goal such as a championship game, an exciting performance, or another empowering project. Campers build communication skills via debate, improv, drama, and more. If desired, speech therapy is available with a licensed Speech-Language Pathologist who specializes in stuttering. Individual and group sessions are offered, personalized to fit each child’s unique communication goals.

Provides Life-Changing Results

Our team is fully committed to creating an unparalleled environment of acceptance, positivity, and encouragement, so that each child’s time at Camp SAY becomes one of the richest and most rewarding life experiences possible. Parents and campers confirm that Camp SAY develops self-esteem, improves confidence, builds lasting friendships, and gives young people who stutter the crucial tools they need to advocate for themselves in their everyday lives.
